Manuscript Template

This manuscript template is provided in .docx format to support full-text HTML conversion and automated checks such as Language Quality Score.

Title

Insert the full manuscript title here.

Authors and Affiliations

List all authors, affiliations, and corresponding author details.

Abstract

Provide a concise abstract summarizing the study.

Keywords

Add 4–8 relevant keywords.

Introduction

Introduce the background, objectives, and significance of the study.

Methods

Describe the methodology, materials, and procedures.

Results

Present the findings of the study.

Discussion

Interpret the results and discuss implications.

Conclusion

Summarize the main conclusions and future directions.

Acknowledgments

Mention contributors, funding, or institutional support.

References

Insert references according to the required citation style.

Submission Notes

- Upload the manuscript in .doc or .docx format.
- Avoid uploading only PDF files if HTML conversion is required.
- Ensure headings and sections are clearly formatted for automated processing.
- Use editable text instead of embedded images for main content.
